Dedicated and adaptable Software Developer with a strong background in data analysis and financial compliance. Proactively seeking business-driven solutions that are efficient, effective, and user-friendly. Eager to join a team of fellow innovators as a Junior Developer, driving the creation of cutting-edge products that propel the company forward.

TECHNICAL SKILLS

Java, JavaScript, C#, PostgreSQL, Spring Boot, RESTful API, HTML, CSS, Vue.js, React.js, Responsive Design, Git, Unit Testing (JUnit), Integration Testing, E/R diagrams, Unix, IntelliJ, Visual Studio, Visual Studio Code, Postman, Postgres

TECHNICAL EXPERIENCE

Recipe Keeper: Personal Recipe Storage

Recipe Keeper is a full-stack web application that stores and organizes your personal and family recipes. It's a convenient and secure way to back up your recipes and access them from any device with an internet connection.
Role: Full Stack Development
Tools Utilized: Java, JavaScript, HTML, CSS, Vue.JS, RESTful API, Spring , IntelliJ IDEA, Git Bash, Postman, PostgreSQL

Chat-Bot: Educational Companion

Chat-Bot intended to accompany an educational curriculum to provide students with a 24/7 responsive reference to answer questions, give feedback, and provide additional educational resources. Built in Vue.js on the front end, with Java and PostgreSQL on the back end. Additional use of RESTful API to supplement functionality.
Role: Full Stack Development
Tools Utilized: Java, JavaScript, HTML, CSS, Vue.JS, RESTful API, Spring , IntelliJ IDEA, Git Bash, Postman, PostgreSQL

Funds Exchange Program

Java-based program that securely transfers funds between registered users after authentication, with all data stored in an external database. Users can track their balance, view all transactions, and detailed information on individual records.
Role: Programmed in a pair, contributed to all stages of design, development, implementation and testing.
Tools Utilized: IntelliJ IDEA, Git Bash, Postman, PostgreSQL, RESTful API, Spring

EDUCATION

Tech Elevator, Columbus, OH   January 2023 - April 2023
Successfully completed a rigorous 14-week full-stack coding bootcamp, gaining expertise in creating dynamic web-based software systems. Accumulated over 800 hours of comprehensive development education and hands-on application.

Ohio Dominican University, Columbus, OH   September 2017 - May 2020
Bachelors of Sociology

Columbus State Community College, Columbus, OH   September 2014 - May 2017
Associates of Arts

PROFESSIONAL EXPERIENCE

Lower.com LLC, Columbus, OH   September 2022 - January 2023
Quality Assurance Analyst

Examined over 1,200 loan files and offers each month to verify compliance with state and federal requirements, safeguarding against controllable monetary losses.
- Provided direction and recommendations to representatives throughout the entire loan process, effectively enhancing compliance measures.
- Led the development of standardized policies and procedures while overseeing and reporting on the seamless transition of this role to a team of local and international representatives.

Lower.com LLC, Columbus, OH   June 2021 - September 2022
Disclosure Desk Analyst
Produced legally compliant mortgage loan documents and contracts for clients in 38 states. Collaborated with the team to enhance and streamline disclosure procedures for diverse loan programs, ensuring accuracy and efficiency.
- Developed comprehensive documentation and refined procedures for construction-related programs, successfully implementing these updates across the entire organization.
- Served as a team liaison, facilitating collaboration between the development team and streamlining the creation of automated disclosure processes.

Kemba Financial Credit Union, Columbus, OH   June 2019 - June 2021
Virtual Branch Member Service Representative
Primary point of contact for current and prospective credit union members, I effectively facilitated account openings, processed transactions, provided product and service explanations, and resolved customer inquiries and concerns. Diligently maintained accurate records and demonstrated a strong commitment to ensuring regulatory compliance and adherence to organizational policies.
- Achieved the highest levels of customer satisfaction and sales for six consecutive months.
- Pioneered a member engagement tracking system, subsequently adopted as the standard for onboarding new team members.
